Mr. Thomas E. Traverse
Principal (Jan-June)

Dear Graduates,

In a poem in *The Prophet*, the author speaks of children as "arrows shot forth" from a bow. The metaphor suggests that at some time in life people become more independent and responsible for their own lives. Parents have to let go; children have to make their own decisions.

Certainly you are no longer "children". You are young men and women who are ready to take the next step after high school. I believe that you have been offered many opportunities during your Pioneer years.

Now you are shot forth like arrows into life beyond high school. Take aim at your chosen targets! Set goals for yourselves! Be willing to change!

Have a full life!

Mr. Robert MacFarland
Acting Principal (Sept-Dec)
Assistant Principal (Jan-June)

"Whether 'tis nobler in the mind to suffer the slings and arrows of outrageous fortune, or to take arms against a sea of troubles, and by opposing end them?"

It may seem strange to start with a quotation from Shakespeare but it is genuinely applicable to teenagers in high school.

Life is full of "slings and arrows". There is no way to avoid all the pitfalls that may be facing us in the future. We can, however, "take arms against a sea of troubles" by making the most of our educational opportunities. By being educated, informed individuals we can deal with many of the complications that face us.

Be smart. Get the best education that you can. You may never know the full benefits of your education but you certainly will know the penalties associated with not having it.

Mr. Mark E. Relyea
Acting Assistant Principal (Sept-Dec)
Athletic Director, Health

To the Class of 1987, my one word for your future years is DARE! When you graduate, continue to set goals and dare to try and you will meet success. You may also meet some defeats along the way, but because you dare to try, even defeat will be a success. Happiness and success can only be achieved through self determination and daring. You have exhibited the necessary perseverance to survive the demands of a hectic youth and high school years. Let some of that same daring youth continue throughout your lifetime. Continue to set goals, be determined, and dare so that achievement can be yours. To paraphrase a cliché - "If at first you don't succeed" dare, dare again.

Let us see you and your successes often!

Hello! My name is René Quintero. I am from Monclova, México and I'm very happy for being once more in U.S.A. I would like to say thank you to my host family especially, also to the Pioneer High School, to the faculty and my friends who helped me when I was trying to say something that they didn't understand. I had a lot of fun in Pioneer because I think that everybody is great and friendly. The weather is different. In México it's warmer and up here it's cold and I really enjoyed it during the winter, with the snowmobiling, sledding, etc.

Well, this is all I can say and I hope I can come back someday and if somebody wants to go to México, you will be welcome. Adios, amigos.

¡Hola! My name is Isabel Castellanos. I come from Veracruz, México. I like the United States and I have made many friends here. The weather is very different here than in México. Before I came here I had never seen snow. It is very cold but I like it. My hobbies are swimming and dancing. I also like cross country skiing; that is very different to me. Someday I hope to come back to visit, but until then,— ¡Adios, amigos!

Yearbook Staff

A special thanks to:

Mr. Mangino for all the pictures. Cris, Nicole, Lisa, and Lori for all the work they put into this yearbook. Miss Zollinger for the typing, the loose ends and all the extras.

We put everything into this book and hope that you like it. We would like to apologize to the Seniors for the Senior Personality Section because the pictures were not able to be used. We also apologize to anyone who was omitted — it was not intentional.

To all those who contributed ideas and new suggestions, we thank you. We had a lot of fun and are looking forward to next year — our SENIOR YEAR!

Richard,

I didn't really plan on
writing "It's been real" because I'm
not one of those people who go around
saying that, like SOME people we know.

I'll give you a hint: "SMURFETTE" We've had
some really great times and I hope to have some
more. We've got 2 ~~years~~ left, it oughta be great.

Well, I promised not to say
this so

Love,
Kelly
